

# NEW DIAMOND DRUM

## COATING REMOVAL MADE EASY

**MAKE YOUR JOB MORE PROFITABLE!**

*COMBINE MULTIPLE STEPS OF SCARIFYING AND GRINDING. NO NEED TO GRIND SMOOTH, SAVE ON DIAMOND TOOLING AND LABOR COSTS.*

Dramatically enhance your EDCO Crete-Planer by delivering a smooth profile at **3 times faster than the standard carbide cutter drum.**

Plows off high build epoxy and cementitious/epoxy materials leaving a perfect profile for recoating or polishing.

**EDCO's Diamond Drum will last over 200,000 sq. ft. and 20x's longer than a carbide cutter drum.**

Excellent line removal and safety line inlay on both asphalt and concrete.

Eliminates down time for loading drums up, and having to use 2 machines to scarifier and grind.

CPM-8, 8" DIAMOND DRUM FLAT TOOTH COMPLETE
